

Accelerate

An international online growth track for startups that already have traction. Cohort September 2026 – April 2027.

Who it's for

You are past the idea stage. Your company is registered, your pipeline shows first sales or funding and your next market is outside your own country. ACCELERATE gives you the expertise, introductions and 1K voucher to make that step deliberate instead of accidental.

Eligibility

Registered legal entity · demonstrated traction in the pipeline (first sales or funding) · clear international ambition.

What every team gets

Curated expert call

One session with a topic expert you choose: sales, industry, ISO/certification, funding or market entry.

International introductions

Personally facilitated intros to customers, partners or investors.

€1,000 growth voucher

For a factory visit, a prototype build or a first international client meeting: your choice.

Dedicated coach

Matched around your specific need and staying with you through the track.

Peer learning across all teams

A shared group where the cohort trades sales tactics, funding leads and partnership opportunities plus informal get-togethers along the way.

Timeline

2 – 25 Sept 2026

Applications open

30 Sept – 7 Oct 2026

Selection & kickoff

Oct 2026 – Apr 2027
