4. The admissions committee of the NHF EUBA comprehensively evaluates the results achieved by the applicants at the entrance examination and submits to the dean of the NHF EUBA a proposal for the admission/non-admission of the applicant for doctoral studies. Article 5

Admission of applicants to the 3rd degree of studies

1. The dean of the NHF EUBA decides on the admission or non-admission of an applicant to the study programme of the 3rd degree of study at the NHF EUBA

(section 58 (6) of the Act), while no more than one applicant can be admitted for each of the announced topics of the dissertation. The topic of the dissertation and the name of the supervisor will be indicated in the decision on the result of the admission procedure.

2. The decision on the result of the admission procedure shall be made in written form within 30 days from the date of verification of the fulfilment of the conditions of admission to the study. The date of confirmation of the completion of the requirements of admission is the date of the meeting of the examination committee. The decision contains a statement, justification and the possibility of applying for a review of the decision. The decision letter shall be hand-delivered to the applicant. The obligation of the NHF EUBA to deliver the decision letter is fulfilled when the applicant accepts the decision or when the delivery has failed because of the applicant's action or omission, i.e. when the applicant refuses to accept the decision letter. The day of refusal is considered as the day of delivery of the decision letter. The last day of this period is the day of delivery.
3. The dean of the NHF EUBA accepts applicants to the accredited study programme and dissertation topic in which the applicant has expressed interest by indicating it in the application form. Applicant who has fulfilled the conditions for admission but for capacity reasons cannot be admitted to the chosen topic or form of study may be admitted by the dean of the NHF EUBA to another accredited study programme of the NHF EUBA or in another form of study in which there are free capacities, or to offer the applicant a topic for which no applicant has been admitted.
4. If applicants choose a dissertation topic offered by an external educational institution, the external educational institution must also agree to their admission to the doctoral programme.
5. The notification of the admission decision under section 58 (7) of the Act entitles the applicant to enroll for studies (§ 59 (1) of the Act). The NHF EUBA has the right to invite accepted applicants to express their interest or disinterest in enrolling in studies within a specified period of time. The applicant is obliged to provide such information in a written form to the NHF EUBA within the specified time. If the applicant does not show interest in the study or does not provide the information within the specified time, his/her right to enroll in the study of the given study programme expires, which creates a vacancy for the study, which can be filled by one of the unaccepted applicants in the order according to the results of the admission procedure by cancelling the decision on his/her non-acceptance and issuing a new decision of admission by the dean of the NHF EUBA.
6. The applicant who has been conditionally admitted to study shall receive a decision on conditional admission to study. The decision statement must contain a condition for admission and a time limit for the fulfilment of this condition. The deadline specified in the decision is the enrolment deadline set by the NHF EUBA. If the applicant fulfils the condition within the specified period of time, the decision on conditional admission to study is considered to be a decision on admission to study and the applicant has the right to enroll in the study. However, if the applicant fails to meet the condition within the time limit, the dean of the NHF EUBA will issue a decision cancelling the conditional admission to the study, and

the applicant's right to enroll in the study will be terminated. The NHF EUBA cancels the decision by which the next applicant in the order, according to the results of the admission procedure, was not admitted to the study and issues a new decision on his/her admission to the study.

7. Applicants who will be admitted to an accredited study programme at the 3rd degree of study at the NHF EUBA are obliged to attend the enrolment according to the instructions (date, place and method of enrolment) of the Department for Science and Doctoral Studies of the NHF EUBA, which they will receive in written form together with the decision on admission to study (section 59 (1) of the Act). Applicants admitted to doctoral studies become students of the NHF EUBA from the date of enrolment for doctoral studies and are subject to the provisions of section 69 and 73 of the Act, as well as the provisions of the Academic Regulations of the EUBA and the relevant internal regulations of the EUBA.
8. Tuition fees and fees associated with doctoral studies at the EUBA are regulated by the relevant internal guidelines on tuition fees and fees related to studies at the EUBA for the relevant academic year.
9. An applicant who has received a decision on non-admission to doctoral studies (under section 58(11) of the Act) has the right, upon request, to inspect the documentation of his/her admission procedure, i.e. to study the materials and make notes from them (without making photographic and audio-video records) in the designated premises of the NHF EUBA in the presence of a staff member authorized by the dean within a time span of at least 15 minutes.
10. The applicant may submit a request for review of the decision to the authority that issued the decision, i.e. to the dean of the NHF EUBA, within 8 days from the date of delivery of the decision. Unsuccessful applicants who submit a request for a review of the decision within the stated time limit shall be adjudicated in accordance with section 58(8) of the Act.
11. The dean of the NHF EUBA may grant the applicant's request if he/she finds that the decision on non-admission to doctoral studies was issued in violation of the law, internal regulation of the EUBA or the NHF EUBA or the conditions laid down in section 57(1) of the Act. Otherwise, the dean will forward the request to the rector of the EUBA. The rector shall amend the decision if it was issued in contravention of the Act, internal regulation of the EUBA or the conditions laid down in section 57(1) of the Act. Otherwise, the rector shall reject the applicant's request and uphold the original decision. The reply to the applicant's request for review of the decision must be sent within 30 days of receipt of the request for review of the decision on non-admission to the NHF EUBA.
